

"My counselor has been of great help to me. I look forward to her visits as I know she always cares and always helps just by being there. Thank you for this wonderful service." – Edna F.

ARE YOU STRUGGLING WITH THE CARE OF AN AGING LOVED ONE?

MorseLife's social work outreach program provides private, in-home counseling by a Licensed Clinical Social Worker to family caregivers. Taking care of an aging family member or raising a grandchild presents special challenges. Our caregiver counselors can help you deal with stress, locate resources, understand the disease process, and explore long-term planning.

SUPPORT GROUPS

We provide support groups throughout the area for caregivers, including specialized groups for those coping with Alzheimer's Disease and Parkinson's Disease. We also offer groups for grandparents who are raising their grandchildren. Please call for locations, days and times.

ELIGIBILITY

- A relative or other person who provides care for a person age 60 or older.
- A grandparent or other relative, age 55 or older, who is the primary caregiver for a child under age 18 or for children of any age who have disabilities.

Caregiver Counseling receives financial support from the Florida Department of Elder Affairs, Your Aging & Disability Resource Center, and from private donations and grants. There is no charge for the service.
